By making an initial USD \$4 donation to take their own profile or account and participating in this reachers Philanthropy donations and tax-free benevolent gifting opportunity, (The Scheme); all donors/participants state that they have read and fully understand and fully agree with and fully accept; and shall fully abide by all of the following stated and implied Terms and Conditions applying to their donations to and participation in The Scheme; and in the use of the Social-Media function of the website.

**The reachers Philanthropic-Gifting Scheme.**

- reachers Philanthropy offers a targeted [2.5 Billion daily email & Social Media users](#) the ability to DONATE just USD \$4 per global call (which cannot be more than USD \$4 per call), where that call has the potential to deliver USD \$10Billion for reachers Philanthropy non-profit charity e.g. 2.5 Billion users donating just USD \$4 delivers USD \$10Billion for non-profit charity;
- When we reach the USD \$10Billion in global donations (net AFTER operating costs), reachers Philanthropy has received an [Australian Taxation Office \(ATO\) legal ruling](#) that 20% (or USD \$2Billion) can be legally philanthropically gifted (tax-free) back to a randomly selected kind, loving USD \$donor, as a philanthropic gift for donating just USD \$4 to our non-profit charity; this could be YOU!
- reachers Philanthropy has received an [Australian Taxation Office \(ATO\) legal ruling](#) that 80% (or \$8Billion raised via your USD \$4 global donations) can be legally philanthropically donated to our partner charity [Vaccine Safety research Foundation \(VSRF\)](#) to help [the millions of world families suffering](#) mass-death and lifelong injuries from the Covid mRNA Injections; another benefit of your USD \$4 kind, loving donation.

**NB: ONLY THE SINGLE USD \$4 'FIRST' DONATION IS COMPULSORY, TO GET YOUR OWN PROFILE!**

1. Our reachers Social-Media site is similar to all others to allow your limited use for Post, Text, Comment, Share, Upload Picture, Links, Like, Comment etc. etc.
2. There is **just one (1) only** USD \$4 initial compulsory charity donation required for any user to take their own profile and sign in.
3. ALL further participation in the future USD \$4 global calls for the USD \$2Billion tax-free gift are purely voluntary!
4. You can use our reachers Philanthropy Social Media site for limited posts, allowing Post, Text, Comment, Share, Upload Picture, Links, Like, Comment etc. etc. without donating further if you wish.
5. FAIR USE: After your first USD \$4 donation that also goes to charity, we may redirect you after a nominal number of posts (say 20-40 or so) to our FREE reachers Philanthropy facebook, twitter, Telegram etc. sites to limit our bandwidth usage if it degrades our hosting costs; but you can still return and post again after logging out and in. This Fair Use will be dependent upon hosting server capability loads.
6. All donors/participants accept and agree that they fully understand that the term donor/participant refers identically to any person, company organisation or entity being the rightful or lawful owner of the email address used to sign-up to and create a reachers Social-Media account and/or profile.

7. All donors/participants accept and agree that they fully understand that by their participation in The Scheme and by making an initial (one time only compulsory) online USD \$4 donation transaction (which goes to charity) to set up their own account profile on this site, they are charity donors to reachers Philanthropy and its global Donor Partnered charities.
8. All donors/participants accept and agree that they fully understand that reachers Philanthropy is reachers Social-Media website and that any reference to either is understood to be the one non-profit charitable funds raising organization established and operating to grant your donated funds to our non-profit Global Donor Partners and provide a non-taxed benevolent USD \$2Billion philanthropic gift to selected USD \$4 donors as an incentive to freely and voluntarily donate.
9. All donors/participants accept and agree that they fully understand that a donor/participant is deemed to be either a person, company or organization that is defined as being the authorized holder or owner of an eMail address used to register themselves and/or an organization for taking an account or profile with reachers Philanthropy Social-Media and confirmed by opening a reachers Social-Media profile and/or account under that email address.
10. All donors/participants accept and agree that they fully understand that their USD \$4 donation to reachers Philanthropy is solely as a charitable donation and accordingly, all donors/participants thereby fully agree that their USD \$4 donation binds reachers Philanthropy in no way whatsoever to them, legally, financially or otherwise with any obligation whatsoever to refund the USD \$4 donation for any reason; and reachers obligation to the USD \$4 donor is solely to conduct a fair, honest and equitable non-taxed benevolent gifting scheme that they freely participate in.
11. All donors/participants fully agree that if any cyber-attack, intrusion, 3<sup>rd</sup> party nefarious act or technology breakdown occurs rendering reachers Philanthropy incapable of operating its philanthropic-gift scheme, or if any online issues arise with its hosting provider GoDaddy or any other technology or internet issues occur that halt the operations of the scheme; all USD \$4 donors agree that there will be no refunds made whatsoever; and if these issues make operations incapable of being resolved; ALL consolidated net donations after costs will be directed to the charity recipients we act for.
12. All donors/participants accept and agree that they fully understand that the reachers Philanthropy non-profit organisation and this Scheme is a very new idea and challenge with inherent potential difficulties and if any failure of systems, technology, organizational difficulties, political, legal issues etc. arise making The Scheme unviable, that all donations after net costs will be paid to the non-profit charities we fund and there will be rights to any portion of the \$2Billion philanthropic gift offered and all users legally indemnify reachers against any/all user claims whatsoever.

13. All donors/participants fully agree that there may be a law requiring the \$4 donor to have the \$2Billion philanthropic gift managed by a global investment firm (e.g. Goldman Sachs) for just two years to educate the gifted \$4 donor on how to wisely manage the very large financial gift and the entire amount then fully reverts to the gifted person's total control and there may be a requirement for the gifted person to make a minimal donation of the gifted person's choice to the USA Giving Pledge Program
14. All donors/participants fully agree that if any inappropriate comments or posts are made on their own profile, they must act as public censors themselves and delete or remove these comments from their own profile and not rely on reachers Philanthropy to do this and agree they will not take any legal action against reachers for any 3<sup>rd</sup> party comments or inferences on their own profile.
15. All donors/participants accept and agree that they fully understand that reachers Philanthropy may use and disclose the information provided by the donor/participant under these stated and implied terms and conditions for enhancing fundraising improvement purposes among and for users (including marketing) as deemed appropriate by reachers Philanthropy which all users may contact us by calling +61 (0) 407 861 056. Accordingly, all donors/participants accept and agree that reachers Philanthropy can continue to contact donors/participants even after this scheme ends. If the donor/participant would like to access or correct the personal information that reachers Philanthropy holds about the donor/participant, or if the donor/recipient does not wish the information to be disclosed, the donor/participant should advise reachers Philanthropy in writing to reachers Philanthropy, 42 Main Street Maldon 3464, Victoria, Australia or by emailing [glenn@reachersphilanthropy.org](mailto:glenn@reachersphilanthropy.org).
16. All donors/participants accept and agree that they fully understand that The Scheme is conducted in accordance with reachers Philanthropy publicly stated plans and as stipulated within the spirit and intent of our Global Operating Methodology Scope and Outline document following these Terms and Conditions and is governed by Australian benevolent-gifting and related taxation treatment laws provided and attached; following these terms and conditions in '[Australian Taxation Office 16th January 2014 Taxation Advice](#)'.
17. All donors/participants accept and agree that they fully understand that reachers Philanthropy reserves and has the right to disqualify or delete any donors/participants or their profile or account from the benevolent gifting scheme or any future website use in the event of their assessed non-compliance with these terms and conditions or in reachers Philanthropy's opinion of good community standards being breached by the user/participant.

18. All donors/participants accept and agree that reachers Philanthropy's decisions in relation to their non-participation in any aspect of the Scheme or online user posting is final and binding on each user/person/company that donates/participates and that no correspondence whatsoever will be entered into and that no refunds whatsoever will be countenanced and that any donations made will be placed into consolidated (net after operating costs) funds for non-profit charity work to benefit those in need that we assist.
19. All donors/participants accept and agree that they fully understand that reachers Philanthropy does not warrant the accuracy or completeness or correctness of all/any information provided by any users or inadvertent reachers' errors made and will not be held liable for any inaccuracy, omission or error and that donors/participants should make their own enquiries to verify any/all information by any/all users.
20. All donors/participants accept and agree that they fully understand that any/all posts or comments made by them must conform with any/all defamation/slander/libel laws in their own country and that if any litigation arises for any comments, posts, remarks, or inferences they make, then they warrant that they will forfeit their personal or trust or financial assets they have and they indemnify reachers Philanthropy against any such litigation or such costs occurring from their online user activity or activity by others on their profile.
21. All donors/participants accept and agree that they fully understand that to the extent permitted by law, reachers Philanthropy shall not be liable for any loss or damage whatsoever (including but not limited to direct or consequential loss) or personal injury suffered or sustained in connection with The Scheme and that reachers Philanthropy accepts no responsibility for any tax liabilities that may arise from donation/participation by any person, company or organisation.
22. All donors/participants accept and agree that they fully understand that reachers Philanthropy shall not be liable for any loss or damage whatsoever (including but not limited to direct or consequential loss) or personal injury suffered or sustained in connection with The Scheme in relation to any country's taxation laws or laws that govern philanthropic-gifts to them that might limit, restrict or preclude them from a philanthropic-gift or any such scheme from reachers Philanthropy' and they carry the obligation to determine if they can freely participate or benefit in this scheme under their own country's laws.

23. All donors/participants accept and agree that they fully understand that reachers Philanthropy will at all times conduct this donations and benevolent-gifting scheme in good faith and in accordance with good probity and governance principles and with respect to the financial, technical, procedural resources it has available to it at any time and there is no other obligation whatsoever conferred or implied upon reachers Philanthropy, or its executives and Directors towards any donor/participant at any time other than to act in a properly appropriate fair and equitable manner in conducting this scheme as is devised by reachers Philanthropy and understood by reachers Philanthropy to be permitted by Australian benevolent-gifting and taxation laws advised and as fully publicised.
24. All donors/participants accept and agree that they fully understand that if reachers Philanthropy in conducting 'The Scheme' as intended in good-faith; has erred in its understanding of the application of any Australian, or other nation's general and/or taxation laws which bars donors'/participants' ability to donate and/or participate and/or claim and/or receive the benevolent-gift in whole and/or in part; (or as impacted by any nation's taxation laws); no legal, financial, operational and/or any other obligations whatsoever exists by reachers Philanthropy; towards any users/donors/participants; and they also agree that their donations made will be granted to reachers Philanthropy charities without any recourse whatsoever to recovering their donation/s made to these charities.
25. All donors/participants accept and agree that they fully understand that the reachers Philanthropy tax-free benevolent gifting donations scheme is an open global public scheme for all Social-Media users wishing to donate just USD \$4 to reachers Philanthropy's current or other nominated globally accredited non-profit Donor Partner charities, shown publicly and on reachers Philanthropy's website from time to time.
26. All donors/participants accept and agree that they fully understand that their USD \$4 donation is a donation to charity and this donation is freely made without any expectation whatsoever of any refund being made to any donor/participant for any reason whatsoever; and if any failures occur their donation will go to charity net of operating expenses.
27. All donors/participants accept and agree that they fully understand that if any unintended disruption to The Scheme occurs for any reason whatsoever, ether technical, procedural, legal, criminal etc. their donation is treated as a charitable donation without any further obligations whatsoever towards them and any net funds derived from all donors are the intended charities' property to be used by those charities for their intended charitable work.

28. All donors/participants accept and agree that they fully understand that 80% of the entire net donations pool donated, will consequently be freely granted by lawful Memorandum of Understanding (MOU) to reachers Philanthropy's charities or other nominated global Donor Partnered charities as reachers philanthropy chooses from time to time.
29. All donors/participants accept and agree that they fully understand that 20% of the entire net donations pool achieved will be benevolent gifted back to one single global USD \$4 donor per global call, under lawful provisions of Australian general and taxation law; as an incentive to freely make their USD \$4 donation to reachers Philanthropy charities and if any other country's tax laws prohibit/preclude the gifting to the user/participant/donor, they must seek that clarification themselves prior to participation and reachers will not be held responsible in any way for their preclusion and reachers may re-gift the amount to a participant/user/donor at its discretion.
30. All donors/participants accept and agree that they fully understand both the spirit and intent of the Australian taxation law provisions provided to reachers Philanthropy governing the benevolent gifting back of 20% of the donations pool to a USD \$4 donor from a randomly selected draw and its associated taxation treatment, which is provided and attached following these terms and conditions in '**Attachment A**', **Australian Taxation Office 16th January 2014 Taxation Advice**.
31. All reachers philanthropy's directors and staff agree and accept that they MAY NOT receive any financial philanthropic gift whatsoever by participating in this scheme; however, they may donate to the fund by using the USD \$4 donations button.
32. All donors/participants accept and agree that they fully understand that the intended split of 80% granted to reachers Philanthropy's Global Donor Partner charities and 20% made to a USD \$4 donor/participant is generally meant to apply when the aspirational global donations pool reaches USD \$10 Billion per reachers Philanthropy global call out for donations/participation.
33. All donors/participants accept and agree that they fully understand that the generally intended global donations pool of USD \$10 Billion is an aspirational target and if reachers Philanthropy chooses to make the 80% to charity and 20% benevolent gift to a donor split on any other lower level that the USD \$10 Billion global donations pool achieved for any marketing, incentivising or any other reason whatsoever, reachers Philanthropy reserves that right and will not accept or entertain any complaint, protest, legal challenge or disagreement whatsoever to its right to make such a distribution treatment as it so chooses from time to time.

34. All donors/participants accept and agree that they fully understand that if any lawful interpretations under ANY Australian laws and/or ANY other nation's laws or interpretations of the attached **Australian Taxation Office 16th January 2014 Taxation Advice**, prevents any donor/participant from either donating to, participating in The Scheme, or accepting or claiming the benevolent-gift or any portion of it or of its taxation treatment as intended by reachers Philanthropy; they fully indemnify reachers Philanthropy from any legal or financial and/or other liability whatsoever towards them (including civil litigation) due to any such general and/or taxation law interpretation in any Australian or any other nation's legal jurisdiction anywhere.
35. All donors/participants accept and agree that they fully understand that if The Scheme is interpreted and/or treated in any way by them and/or any legal opinion other than that which it is generally understood by and publicly stated by reachers Philanthropy; they fully indemnify reachers Philanthropy from any legal, financial and/or other liability whatsoever towards them due to any such general and/or legal interpretation in any Australian or any other nation's legal jurisdiction anywhere.
36. All donors/participants accept and agree that they fully understand that if any Australian and/or other nation's laws caused their donation/participation and/or claims to the benevolent gifting as stated and generally intended and/or its taxation treatment (as is stated and understood by reachers Philanthropy) to be invalidated; they relinquish any entitlement whatsoever to any part of the benevolent gift and fully agree their USD \$4 donation will be freely granted to reachers Philanthropy as a charitable donation and that there will be no refund whatsoever of any part of the USD \$4 donation for any reason whatsoever.
37. All donors/participants accept and agree that they fully understand that the method to choose to benevolent gift 20% of the entire net donations pool achieved to a participating USD \$4 donor as a donation's incentive, will be a randomly chosen automatic computer-selection of that USD \$4 donor's email, which was used to create a reachers Social-Media profile or account with reachers Philanthropy.
38. All donors/participants accept and agree that they fully understand that their entitlement to any benevolent gift or part thereof solely exists by them donating USD \$4 in an online transaction and that taking an account and/or profile with reachers Social-Media without a USD \$4 donation provides no such entitlement whatsoever to any benevolent gift or part thereof.

39. All donors/participants accept and agree that they fully understand that their entitlement to any benevolent gift or part thereof solely exists by them donating USD \$4 and that the burden of proof rests upon them to lawfully demonstrate they were the lawful USD \$4 donor and they must produce a bank statement evidence proving their USD \$4 donation.
40. All donors/participants accept and agree that they fully understand that if their entitlement to any gifting under this scheme conflicts with another donor's lawful evidence showing they are also entitled and it cannot be determined otherwise, then reachers philanthropy retains the right to share the gift among those entitled with no right to contest reachers' decision.
41. All donors/participants accept and agree that they fully understand that the benevolent-gift is of 20% of the donations pool is made under Australian general and taxation laws as displayed in this document and will be benevolent-gifted tax-free to the randomly computer-selected donor only as those general and taxation laws allow to apply to other countries laws.
42. All donors/participants accept and agree that they fully understand that no obligation or responsibility whatsoever is conferred upon or accepted by reachers Philanthropy, by or from any other nation's laws impacting in any way whatsoever upon this philanthropic benevolent gifting scheme or related taxation arrangements as intended and stated in regard to the fair functioning of this publicly conducted scheme.
43. All donors/participants accept and agree that they fully understand that no other laws other than Australian general or taxation laws apply to any benevolent-gifted donors'/participants' ability to participate in or benefit from this scheme; and donors/participants must research their own country's laws allowing their participation.
44. All donors/participants accept and agree that they fully understand that if any other donor'/participants' national/state laws impact and/or interfere in any way whatsoever upon their computer-selection as a benevolent-gift beneficiary by reachers Philanthropy, or such laws impact and/or interfere with their ability to receive whole or in part, the benevolent-gift, or be impacted by its Australian jurisdictional taxation treatment as intended; they must take this matter up with their own government's legal system and taxation laws to resolve themselves in their own country and that they have no legal or complaint recourse whatsoever towards reachers Philanthropy and that reachers Philanthropy has no financial or other obligations towards them whatsoever.

45. All donors/participants accept and agree that they fully understand that if any general legal, taxation laws or any other matter whatsoever interferes or impacts with their ability to either participate in this scheme or accept the reachers Philanthropy benevolent gift with its applied taxation arrangements as intended, that their USD \$4 transaction is a charitable donation and they have no financial or other claim upon reachers philanthropy whatsoever and that they are not entitled to either a refund of their USD \$4 donation or any financial and/or other redress whatsoever upon or against reachers philanthropy and that reachers Philanthropy has no legal, financial and/or other obligations whatsoever towards them.
46. All donors/participants accept and agree that they fully understand that there is no taxation deductible expense availability for their USD \$4 donation under Australian or any other country's taxation laws.
47. All donors/participants accept and agree that they fully understand that Australia's benevolent-gifting and applicable general and taxation treatment laws generally comply with most international jurisdictional legal norms governing such benevolent-gifting and associated taxation arrangements and it is not possible to cover or meet all nations' general and taxation laws intended application relating to such schemes or matters; and donors MUST do their own research on this to protect their own rights in their own country.
48. All donors/participants accept and agree that they fully understand that they will accept all/any Australian law applying to this scheme as a fair and reasonable legal jurisdictional application over the management of the benevolent-gift and its taxation treatment as intended and stated and as it consequently impacts them in any way whatsoever.
49. All donors/participants accept and agree that they fully understand that reachers Philanthropy in good faith simply randomly computer-selects a USD \$4 donor by their email address used from the \$4 global donor pool and if there is any dispute arising whatsoever over the selection, the application of benevolent-gifting and/or associated/applied taxation law either in Australia and/or other nations, the donors/participants fully indemnifies reachers Philanthropy from any legal, financial or other liability whatsoever arising from any/all such disputes and will not hold reachers Philanthropy financially liable for any costs and/or losses whatsoever incurred for any reason whatsoever by any donors/participants involved/participating in this scheme.

50. All donors/participants accept and agree that they fully understand that 99.9% of all net donations are pledged by lawful Memorandum of Understanding (MOU) to reachers Philanthropy's non-profit charities chosen from time to time and they fully understand and agree that there will be no refunds made whatsoever to any users/donors/participants for any reason whatsoever for any/all donations made.
51. All donors/participants accept and agree that they fully understand that an independent governance regime will control and audit the random-computer email selection procedure for selecting the benevolent gift to a donor and that no complaints, disputes arising over any processes, methods or systems used, will be tolerated or accepted by reachers Philanthropy and if any such complaints or disputes arise, they will be between the USD \$4 donor and reachers Philanthropy's group appointed to manage the random-computer selection procedure fairly and in the best interests of all donors/participants.
52. All users/donors/participants accept and agree that they fully understand that their participation will be limited to one (1) USD \$4 donation per reachers Philanthropy advertised global call that is linked to just one confirmed/registered eMail address account or profile of theirs per donor/participant.
53. All users/donors/participants accept and agree that they fully understand that their email address used to donate/participate must be linked to and used to create their reachers Philanthropy Social-Media account or page and if multiple reachers Philanthropy Social-Media accounts or profiles are opened per person or company, each Social-Media account must limit its donation to only USD \$4 per email address of the reachers Philanthropy Social-Media global call to donate/participate and that failure to comply with this condition invalidates their right to the benevolent gift or any donation refund whatsoever and if gifted in error against this condition it will be fully refunded by the donor/participant.
54. All donors/participants accept and agree that they fully understand that their participation is restricted to just one (1) USD \$4 donation per global call; and that their participation in future global calls is acceptable but is restricted to just one (1) USD \$4 donation per new global call.
55. All donors/participants accept and agree that they fully understand that reachers Philanthropy will at all times be the sole arbiter of eligibility of any person and/or company donating/participating to/in The Scheme and the sole determinant of rightfulness of claims to the benevolent gift or any portion of it made or its appropriate taxation treatment as intended under these terms and conditions.

56. All users/donors/participants accept and agree that they fully understand that reachers Philanthropy will at all times be the sole arbiter of any disputes, objections and/or complaints arising from any person and/or company donating/participating to/in The Scheme and reachers Philanthropy is the sole determiner of rightfulness of claims to the benevolent gift or any portion of it made or its taxation treatment as intended under these terms and conditions.
57. All donors/participants accept and agree that they fully understand that there are no age limits to qualify for donation/participation excepting for under 16 years of age donors/participants who must have the 'legally-verified' permission of their parent or legal guardian to participate under supervision prior to participation. This verification/supervision must take the form of an online banking account opened in their own legal name that has had their parent's or legal guardian's permission and approval and that the said account has permissible online transaction capability approved.
58. All donors/participants accept and agree that they fully understand that their 16 years of age verification via their lawful account is solely the obligation of the donor/participant and/or parent or legal guardian and if this condition is breached deliberately or unknowingly and the USD \$4 donation is made; the right to participate is forfeited and no donations refunds whatsoever will be made and the benevolent gift lawful entitlement will be tested and decided solely by reachers Philanthropy.
59. If all user/donorship/participation is VOIDED OR PROHIBITED OR RESTRICTED by any Federal, State or Local law of any nation, then no refunds whatsoever will be made or claims allowed to any user/donor/participant if any nation's laws invalidates or voids their donorship/participation.
60. All users/donors/participants accept and agree that they fully understand that it is the sole responsibility of any/all users/donors/participants to ensure their donations/participation are/is not ineligible or invalidated or voided by their own nation's Federal, State and/or Local laws.
61. All donors/participants accept and agree that they fully understand that a single USD \$4 donation can only be made once by any reachers Philanthropy Social-Media account holder or user profile for each global call made by reachers Philanthropy and can only be linked to a single, separate email address attached to a single reachers Philanthropy Social-Media account or user profile.

62. All donors/participants accept and agree that they fully understand that persons or companies with multiple email addresses can open a single reachers Philanthropy account for each separate email address they have. This means that persons and companies can make only one single USD \$4 donation per reachers Philanthropy account although persons and companies can make multiple USD \$4 donations but limited to only one (1) USD \$4 donation per email address account or profile used to open a reachers Philanthropy Social-Media account.
63. All donors/participants accept and agree that they fully understand that any account is opened by signing up and taking a single profile or an account with reachers Social-Media but sign-up is limited to only one account per single email address.
64. All donors/participants accept and agree that they fully understand that each USD \$4 donation/participation must be submitted separately with its own entry when the reachers Philanthropy global call for USD \$4 donations is made.
65. All donors/participants fully understand and agree no USD \$4 donation will be refunded under any circumstances whatsoever to any donor/participant for any reason whatsoever and all donors/participants agree if any disputes whatsoever arise, all such disputes will solely be managed and resolved by the reachers Philanthropy executive management and/or Directors and no correspondence will be entered into regarding the settlement of any disputes and all donations go to net after costs consolidated funds for charity.
66. All donors/participants accept and agree that they fully understand that this reachers' dispute settlement power also applies to any/all disputes arising regarding reachers Philanthropy's processes, technologies, USD \$4 donor computer-selection methods/technologies used in good faith to fairly conduct reachers Philanthropy's tax-free benevolent gifting scheme.
67. All donors/participants accept and agree that they fully understand that all donations/participation must not be in violation of any 'donors'/participants' own country federal, state or local laws or basic ethical standards of donation/participation and the onus is solely upon all donors/participants to ensure they abide these laws or standards of their own country themselves.
68. All donors/participants accept and agree that they fully understand that any donation/participation found to be in violation of the above 'own country laws' or proven to be unlawful and/or unethical in any way will be immediately disqualified to participate and entitlement to gifted funds is forfeited as is the USD \$4 donation made to reachers Philanthropy charities. That is to say, no refunds will be made whatsoever, and all such donated funds will be allocated to reachers Philanthropy's Donor Partner charities per lawful Memorandum of Understanding (MOU) signed with them.

69. All donors/participants accept and agree that they fully understand that the reachers Philanthropy tax-free benevolent gifting scheme shall in no way be held liable for negative impacts of any such other country invalidation or ineligibility or any impacts of legal action or breach by any donor/participant that results from their own deliberate or unforeseen, unlawful or legally restricted donations/participation.
70. All donors/participants accept and agree that they fully understand that the purpose of this tax-free benevolent gifting scheme is to solely fund reachers Philanthropy's global Donor Partner non-profit charities for the work they do in ensuring assistance to families suffering deaths and injuries from covid mRNA Injections and for delivering charity assistance and services help to the worthy recipients of persons suffering that these charities exist for.
71. All donors/participants accept and agree that they fully understand that they will not submit any user/donation/participation, pitches, testimonials, recommendations, disputes, links or any other documentation whatsoever wishing to vary their donation/participation in any way whatsoever intended from the terms and conditions contained herein.
72. All donors/participants accept and agree that they fully understand that their user/donation/participation will not involve any revisions or alterations to the donation/participation process and/or the terms and conditions stated and implied and their USD \$4 donation will be accepted once user/donor/participant has completed the \$4 donor/participation user online account or profile registration and the USD \$4 donation transaction process.
73. All donors/participants accept and agree that they fully understand that the USD \$4 donation/participation transaction to be made for involvement can be varied at any time (for example to \$5) without prior notice.
74. All users/donors/participants accept and agree that they fully understand that any and all small standard additional online transaction charges above their own USD \$4 donation (e.g. credit care or PayPal etc) will be borne and paid by them. For example, included but not restricted to standard charges are made by any and all banks, (either their own or reachers Philanthropy's banks) and/or any/all transaction providers costs (for example PayPal) or credit card company's charges (for example Visa, MasterCard etc.). For example, it may be that a rate of 3.5% or approximately (14 cents) total additional online transaction charges may apply, and this will be charged back to donors/participants for them to bear, thereby causing a potential donation cost of approximately USD \$4 and 14 cents; this is an example only and users must verify these costs themselves.

75. All users/donors/participants accept and agree that they fully understand that all these small standard additional online transaction charges above their own USD \$4 donation that apply from time to time vary between charging organisations and countries cannot be defined but accepted.
76. All users/donors/participants accept and agree that they fully understand that their user/donation/participation must be confirmed in the user/donation/participation process strictly related to taking a Social-Media account or profile with reachers Philanthropy Social-Media and creating one account or profile per separate email address that the user/donor/participant has.
77. All users/donors/participants fully understand and agree that by them submitting donations they then agree to and with all the terms and conditions fully expressed and/or implied within the spirit and intent of the donations and tax-free benevolent gifting scheme.
78. **Taxation advice**  
**For your information**

Dear Mr Floyd

**Subject:** Income Tax - Exempt entities - charity, education, science and religion

In response to your request for advice dated 6 January 2014, we offer the following advice.

**Questions you have asked:**

1. Will Reachers Philanthropy be required to pay income tax in Australia on any of the donations received globally?
2. Is Reachers Philanthropy allowed under Australian taxation law to gift twenty per cent (20%) of the donations received back to a randomly selected donor as an incentive to increase donations?

**Answers to your questions:**

1. No
2. Yes

**Facts you have provided:**

1. On the 6<sup>th</sup> of January 2014, Glenn Floyd (Mr Floyd) applied to the ATO for advice and a private ruling on behalf of Reachers Philanthropy. Mr Floyd was registered on ATO systems as an authorised representative of Reachers Philanthropy.
2. The Australian Charities and Not-For-Profits Commission (ACNC) website shows that Reachers Philanthropy applied for and received "Charity" status with the ACNC on the 31 May 2013. The sub-entity type registered by the ACNC is for Advancing Education. Reachers Philanthropy operates in all States and Territories of Australia and also in Afghanistan.
3. The ABN Lookup website and ATO systems show that Reachers Philanthropy have been endorsed to receive the following tax concessions:
  - GST concession from the 31st of May 2013
  - income tax exemption from the 31st of May 2013

4. The operations of Reachers Philanthropy are outlined in the Global Operating Methodology Scope and Outline document provided by Mr Floyd.
- Donors are only allowed to make one donation of \$4 per each call for donations (which may be weekly).
  - Under the section titled "Our Two Unique Reachers Philanthropy IP Donor Driver Methodologies" the second clause provides information regarding the operation of the gift provided by Reachers Philanthropy to one of the donors. It states that a gift is made back to one of the donors of 20% of total donations received and this will drive interest in the charity and drive further mass-scale donations.
  - There are certain requirements associated with receiving the gift. For example, it is compulsory to accept Goldman Sachs services to invest the gift for 2 years. It is also compulsory to accept membership of the Giving Pledge organisation and make an obligatory donation (which may be minimal).
  - After gifting 20% of the donations to a donor, 99.9% of the remainder will be given to registered charities of Reachers Philanthropy. A small proportion (0.1%) of the remaining donations will be paid as a royalty for intellectual property.

**Reasons for our decision:**

**Question 1**

*Summary*

Reachers Philanthropy will not be required to pay income tax in Australia on any of the donations received globally.

*Detailed reasoning*

Section 50-1 of the Income Tax Assessment Act 1997 (ITAA 1997) states:

The total ordinary income and statutory income of the entities covered by the following tables is exempt from income tax. In some cases, the exemption is subject to special conditions.

Item 1.1 of the table in section 50-5 of the ITAA 1997 provides that a registered charity is an exempt entity, subject to special conditions in sections 50-50 and 50-52.

Reachers Philanthropy is a registered charity by the ACNC, and has been endorsed by the Commissioner of Taxation as a registered charity under section 50-5 of the ITAA 1997 since the 31<sup>st</sup> of May 2013. According to Section 50-1 of the ITAA 1997 this exemption applies to the total ordinary and statutory income of Reachers Philanthropy.

As Reachers Philanthropy is exempt from income tax on all income, it will not be required to pay income tax in Australia on any donations received.

**Question 2**

*Summary*

Reachers Philanthropy is allowed under Australian taxation law to gift twenty per cent of the donations received back to a randomly selected donor.

*Detailed reasoning*

Taxation Ruling TR 2005/13 Income tax: tax deductible gifts – what is a gift provides an explanation of what a gift is.

The term 'gift' is not defined under tax law. It has its ordinary meaning under common law. The courts have described a gift as having the following characteristics or features:

- There is a transfer of the beneficial interest in property;
- The transfer is made voluntarily;
- The transfer arises by way of benefaction; and
- No material benefit or advantage is received by the giver in return.

A transfer by way of benefaction means that the gift recipient is advantaged in a material sense without any detriment arising from the terms of the transfer.

If the transfer made by Reachers Philanthropy meets these requirements it can be classified as a gift. Gifts generally do not constitute income under ordinary concepts for the gift recipient. There is no Australian taxation law that would disallow the provision of a gift.

Reachers Philanthropy is making this gift as an operational driver and incentive for others to donate to the charity. This may be deemed to be a form of advertising, have a business purpose and therefore is an expense incurred in the derivation of income. However, as Reachers Philanthropy is exempt from income tax as previously outlined, the classification of this transfer of money is inconsequential for tax purposes with regard to Reachers Philanthropy and no income tax is payable by Reachers Philanthropy.

**Relevant taxation provisions:**

*Income Tax Assessment Act 1997, Division 50*

*Income Tax Assessment Act 1997, Subdivision 30-B*

**This advice provides you with the following level of protection:**

**Interest and penalty protection**

You can rely on this advice to provide you with protection from interest and penalties in the way explained below.

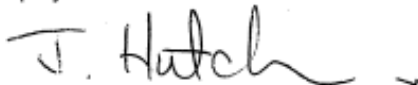

If the advice turns out to be incorrect and you underpay your tax as a result, you will not have to pay a penalty. Nor will you have to pay interest on the underpayment provided you reasonably relied on the advice in good faith. However, even if you don't have to pay a penalty or interest, you will have to pay the correct amount of tax.

### Official definition of Social-Media-Networking

“The creation and exchange of user-generated content on Internet-based applications”

*Not quite...*

### The correct definition of Social-Media-Networking is:

“We are Social-Media-Networking”

With deepest respect, Mark Zuckerberg did not make facebook, we did.

## VERY IMPORTANT CAVEAT NOTE ON ANTICIPATED CHARITY DONOR ASSUMPTIONS

Based on the *current* global Social-Media-Networking internet traffic rates shown above, *there exists now*, a never before available *means* to call global, mass-scale Social-Media-Networking driven philanthropy donations; for doing real good on an unimaginable scale in humanity. For global charity. The method is based upon precisely the same enterprise techniques that makes all Social-Media-Networking majors successful.

***The current 2.5 billion global eMail users alone donating only a low USD \$4 each, generates USD \$10 Billion in immediate donations.***

**USD \$4 X 2.5 Billion = USD \$10 Billion per donations call, for charity.**

This is an existing very tappable source of goodness, Social-Media-Networking now makes it possible, and if tapped; tens of \$Billions of dollars are achieved. This projection is of course based upon a 100% take-up rate.

The USD \$4 call for donations could be made weekly; the numbers are there now and a very low USD \$4 is the price of a cup of coffee. With a 100% take-up rate, USD \$10 Billion would result weekly. These traffic rates are current and validated.

In addition, there are a further 1.95 billion global monthly majors' Social-Media-Networking users, and .634 billion global monthly majors' visited websites and 2.1 billion daily Global twitter search engine queries; that increases the donor potential substantially more. This is based *on current* real internet traffic volumes shown. Sources: [Radicati Group](#); [eBIZMBA](#); [the guardian](#); [Royal Pingdom](#); [Statistic Brain](#)

*Consequently, based upon all of these existing internet traffic capacity real numbers, (in addition to just the 2.5 billion eMail users); the projected USD \$10 billion donations potential may be viewed as potentially very conservative.* These very large numbers are there now, they are not made up, the sources are validated; and are growing rapidly by adoption and population increases.

The question is not if we can *reach* these existing very large numbers to willingly donate only \$4; the question is HOW can we *reach* these donors? The answer is, easy! with  **Teachmean Philanthropy**; our innovative NextGen Social-Media-Networking model designed on its unique Intellectual Property (IP) power.

*The speed of take-up* of facebook alone stunned global markets, and stunned even its founder; and this *massive growth was made from a zero base* in a market that didn't exist at the time. We *actually made* facebook happen; we are Social-Media-Networking; they just produced the websites for us to use.

All Social-Media-Networking growth was phenomenal and our **Creachers Philanthropy** innovative and unique (IP) scheme enters this Social-Media-Networking market *which has already* exploded in mass popularity. Because of the universal awareness now of what Social-Media-Networking is, the take up rates *of all new Social-Media-Networking new entrants* is much more rapid.

All Social-Media-Networking players have unique differentiations, *plus their own Social-Media-Networking options*. YouTube provides your videos, facebook social networking, LinkedIn your career steps, twitter your microblogging; NONE give benevolent gifting! Some make charity donations, **Creachers Philanthropy** is wholly non-profit, and gives *ALL* to charity *AND* benevolent gifts back to our donors, you. On an unimaginable scale! *Plus Creachers Philanthropy has the Social-Media-Networking option too.*

It is most important to realise however, that the projected donations take-up rates shown for any new entrants, may take from 1 to 2 years, there is no way of really knowing at all. Social-Media-Networking didn't exist when facebook started; but its growth was truly phenomenal; because *we ourselves made it happen.*

However, because of the massive growth of Social-Media-Networking in a now mature market, *we all now know and accept;* the new take-up rates could be instantaneous! The current *validated Social-Media-Networking traffic rates* shown are correct and precise and will probably even increase faster than projected by independent sources.

However our assessment is, although these numbers would easily translate into achievable stunning donations levels (at a low USD \$4 per email account per donations call); we should manage the emotional marketing aspects and credibility aspects of such large potential wealth intake; these are massive numbers.

For respectful business propriety and wise planning therefore; we will set the most sensible and modest operational goal of only USD \$10 Billion in projected donations for 2023; a great achievement in itself if realised.

The facts are though, the existing Social-Media-Networking traffic numbers are there now that drove these other Social-Media-Networking market majors stratospherically. The clear prospects to tap these billions of potential donor sources on mass-scale exist right now; and our take-up rate could easily far exceed this very respectable 2016 USD \$10 Billion target potential. Our Intellectual Property (IP) makes it entirely possible.

However, it's far better to market low and over-achieve than the opposite; people's expectations must be fully respected; this promises to be a most exquisite human journey.

For the purposes of basing such a bold endeavour in the most respectful and responsible perspective, it is agreed that by sound and prudent business principles; no claims whatsoever should be made that promote the scheme in anticipated immediate promises. This would be imprudent, self-defeating and harm the high integrity of the potential. The *potential* is enormous.

We do however, wish to demonstrate *the absolute full potential* of the projected global donations numbers if we enjoy the same success and benefits as all the Social-Media-Networking majors.

Therefore, the following Operating Model projections are based on the full 100% take up rate anticipated. This is to show the full potential of our  **Creachers Philanthropy** Intellectual Property (IP).

 **Creachers Philanthropy** will be developed, marketed, presented to its potential global donor Social-Media-Networking billions, in the most respectful manner; and no colourful implied communication rhetoric will be used at all. *This is true philanthropy for good* and this is the way all Social-Media-Networking grew.

Furthermore, it will not be marketed at all by way of hyped promotion, advertising, spamming, eMailing or any mass outbound over glorification.

It will be specifically allowed to grow by Social-Media-Networking user recommendations as facebook was managed. It will be organically grown and taken, up via its intrinsic worth. True social needs driven, as real Social-Media-Networking should be.

Our  website shows these specific non-profit charity recipient marketing initiatives clearly. Its intent is to be driven by donor interest ONLY.

## OUR reachers Philanthropy object:

To deliver immediate global *mass-scale* philanthropy, for charity.

Mass-scale philanthropy has never existed. Until now philanthropy has been the province of only few kind, ultra-wealthy people; who by the deep generosity of their spirit, and love; give their wealth to their fellow humans, in order to do good for humanity. As beautiful as this is, tragically; it is *never enough* to do all the things of good in humanity *that we all know must be done*.

Our reachers Philanthropy innovative mass-scale operating model, now fully delivers this real potential, by *fully enabling* this new phenomena; through the vast global Social-Media-Networking internet traffic rates *happening now*.

### The Current Global Social-Media-Networking Internet Mass Traffic Rates

- [2.5 billion eMail users worldwide](#)
- [4.3 billion eMail clients worldwide](#)
- [300 billion daily eMails sent worldwide](#)
- [2.1 billion daily global Twitter search engine queries](#)
- [1.95 Billion global monthly majors social-media users](#)
- [.634 Billion global monthly majors visited websites](#)

Sources: [Radicati Group](#); [eBIZMBA](#); [the guardian](#); [Royal Pingdom](#); [Statistic Brain](#)

The unique reachers Philanthropy Intellectual Property (IP) model, connects via the entire Social-Media-Networking community in the same way all of the majors do. However we use two unique, innovative, very powerful and highly rewarding methodologies to do this. Combined, they drive mass-scale giving.

### Our two unique reachers Philanthropy IP donor driver methodologies

1. reachers Philanthropy enforces a very low, single philanthropic donation of USD \$4 only; you are not allowed to donate more than this each global call. This low USD \$4 however, immediately aggregates on mass-scale across the existing \*2.5 billion eMail account users. This USD \$4 has the capacity (on current traffic rates) to immediately aggregate to USD \$10 Billion for charity. And this is only the eMail user category, it ignores all the other huge Social-Media- Networking and web visitor traffic. USD \$4 is merely the price of a cup of coffee! And 2.5 existing users X USD \$4 each donated = USD \$10Billion!

This low donor rate of USD \$4 *itself*, is an irresistible *mass-scale* driver of mass philanthropy, because we *all* immediately become part of an immediate USD \$10 Billion Social-Media-Networking driven linked joyous result, for charity

This magnificent low USD \$4 gesture alone, has enough human to human *high-energy* when publicised, to then generate a *mass-scale* Social-Media-Networking following, *capable of exceeding all of the majors* combined.

No other charity donations regime in history has ever tapped human goodness on this grandest scale. It is a stunning driver in itself of strong interest for the mass-scale effect of the great good it does. And it will accelerate more Social-Media-Networking driven traffic powerfully because of this; *driving further website advertising revenues for more philanthropy.*

2. In addition,  **Reachers Philanthropy** (by random email selection then “benevolent-gifts” back to one of these kind, loving USD \$4 donors, an exquisite monumental generous TAX-FREE “benevolent-gift” of USD \$2 Billion dollars, or 20% of the USD \$10Billion global donations pool raised. This exquisite act of “benevolent-gifting” from  **Reachers Philanthropy** to one of our kind giving USD \$4 donor peers, provides an unimaginable further driver for mass-scale donations. It delivers a gift of unimaginable magnitude that no human on earth could ever dream of.

The publicity of such an unimaginable USD \$2Billion TAX-FREE dollars *benevolent-gifting* generated from mass-scale philanthropy, is also capable of generating a level of profound interest, unseen in human history. This can exceed all global Social-Media-Networking interest to date because of the deepest human interest story. Nobody has ever been ‘benevolent-gifted’ this amount; in fact no Social-Media organization offers you anything other than advertising revenue.

Its potential power is so profound, it is capable of becoming one of the greatest events ever in human to human goodness communication. The global following of its effect can be immense, and can generate untold focus upon the idea and its good impacts on the gifted donors. This again can drive spectacular further global media interest and further mass-scale donations. Nothing on this scale has ever occurred in human history.

 **Reachers Philanthropy** is scale-economics people-philanthropy.

## THE reachers Philanthropy SIMPLE PROCESS DIAGRAM

The global billions of daily internet and Social-Media-Networking users each donate USD \$4 once only, to reachers Philanthropy. USD \$4 is just the price of a coffee. This exquisite human generosity can generate USD \$10Billion TAX-FREE Dollars, unimaginable human philanthropy; i.e. 2.5 billion eMail users alone worldwide donating USD \$4 each = USD \$10Billion. It's not a pledge, after your USD \$4 registration fee that also goes to charity; it is 100% voluntary. You need donate only once; if you wish to donate next or subsequent global calls; you may.

**2.5 billion  
\$4 donations  
= \$10 billion plus**

Eight \$Billion Dollars is automatically sent into the (USA IRS Approved) #Appointed Trust Fund **Committed to full financial support to Families suffering mass-deaths & injuries from Covid-Injections.**; and \$2billion dollars is TAX-FREE 'benevolent-gifted' back (each global call which could be weekly) to one kind, loving USD \$4 donor, for their amazing giving generosity. This TAX-FREE 'benevolent-gift' is yours to keep OR do wonderful work in your OWN community; it is YOUR CHOICE! This level of mutual human to human philanthropic goodness generosity *has never existed or been possible in history*. The gifted donor will also be global media recognised (only if they wish to).

To protect all interests of all USD \$4 weekly donors; each eMail user can only donate once per global call, and USD \$4 maximum, to ensure absolute fairness. The global call for philanthropic USD \$4 donations may be daily, weekly or monthly, depending on the USD \$10Billion pool being reached; so donors may donate USD \$4 again on each global call. These Social-Media-Networking revenues exist in profit organisations right now, we are non-profit; using the same scale-economics model; -devoted to philanthropy.

## Strict reachersPhilanthropy lawfully binding donor protections

- #NB: If any government declares the ‘benevolent-gift’ as not applying to its own citizens, reachers Philanthropy *may be legally obliged* to issue the USD \$2Billion as a lifetime *trust fund* and not a benevolent gift. The trust fund would entirely stay in the donor’s name for life, and the revenue earnings would *ALL* remain with the donor for life (& earn well over the USD \$2billion, and all to be kept).
- There is lawfully imposed, an ABSOLUTE limit of USD \$4 per donation, per call (which may be weekly); NO EXCEPTIONS – ever. This is to never allow the non-profit, philanthropic ‘benevolent-gifting’ scheme *to be ever exploited* as commercial gambling and remain solely a philanthropic gifting *for donations into perpetuity*.
- There is lawfully imposed an ABSOLUTE limit of **ONE ONLY USD \$4 donation** for each donations call (which may be weekly); NO EXCEPTIONS – ever. This is to never allow the non-profit, philanthropic “benevolent-gifting” scheme *to be ever exploited* as commercial gambling and remain solely a philanthropic “benevolent-gifting” *for donations into perpetuity*.
- reachers Philanthropy must by its constitution, lawfully remain non-for-profit, self-funding and 99.9% philanthropic. This protection applies to both the Social-Media-Networking mass-scale donations generated *AND ALL* of the significant website advertising revenues anticipated for such a major new entrant.

#NB: 001% ( $\frac{1}{10}$  of 1%) = reachers Philanthropy (or board negotiated) IP Royalty to IP owner Designer.

- **reachers Philanthropy** must by its constitution, *never request any donors to ever pledge or sign-up to multiple or continuous donations.* After the initial USD \$4 sign-up fee (which goes to charity) it must be free, spontaneous and operate EXACTLY like all Social-Media-Networking majors, free and by human interest alone. This is what made all Social-Media-Networking majors so stunningly successful. To diverge from this stunning voluntary Social-Media-Networking success driver, would destroy this (or any) Social-Media-Networking based enterprise.

## HOW WILL WE MAKE THIS WORK?

Through the power and focus of our sisters and brothers' human desire to help each other in times of dire need; nothing in humanity equals the power and the focus of human to human giving.

ABSOLUTELY NOTHING.

The **reachers Philanthropy** organisation will harness this unbridled power and focus of giving *in two simple and very effective ways.*

1. The **reachers Philanthropy** board and organisation will network through their entire global powerful professional and volunteer organisations' non-profit networks.

These leading non-profit charity networks will approach all the leading corporation boards worldwide (through internal professional networks) *and merely request* that all corporations and Social-Media-Networking websites simply *EACH* list the **reachers** icon on each global website with their other major icons. There will be nothing more asked! No funds requested, no donations! Nothing further requested, this in true goodness can't be refused. This is not a big-ask. How could anyone say no to non-profit for charity? It aids [corporate CSR](#) goals!

Example of a standard listing globally on the front-page of all websites.

It's such a small, and very powerful thing, yet its daily global exposure of the **reachers Philanthropy** donation opportunity *to all in humanity* will be immense. It has unimaginable power of human goodness, never before tapped on this scale; *it's mass-scale philanthropic goodness* access never before offered. The potential for both mass-scale philanthropy from us all, combined with a unique USD \$2 Billion TAX-FREE gift to donors will be utterly compelling.

2. This  **reachers Philanthropy** icon banner will then be presented *every day on websites, to all the billions of internet visitors, into perpetuity.*

Our entire human online billions population will then be presented with the opportunity to donate a mere USD \$4 (cost of a coffee) to the  **reachers Philanthropy** global donations cause. \$8 Billion dollars goes straight into the #Appointed Trust Fund Committed to full financial support to Families suffering mass-deaths & injuries from Covid-Injections.

A potent, mass-scale act of human-to-human goodness unwitnessed in life on earth; and it's so possible.

### **A sobering note, putting this unimaginable power into absolute perspective:**

Nobody *ever predicted* that the profound impact the internet, would give facebook the power to grow so *rapidly* to the biggest Social-Media-Networking corporate conglomerate in history; not even Mark Zuckerberg himself! facebook spread only by *we people* communicating. Mark Zuckerberg is no genius, he's a great man of his time and he had a great idea that took off; but it would NEVER work without our internet existing first; we did the rest; *we are Social-Media-Networking.*

In addition to the total potentially anticipated  **reachers Philanthropy** weekly donations, the viral pool could be of at Least USD \$10 billion dollars per weekly call, there will be additional significant Social-Media-Networking revenues available from major advertising coming from this new iconic philanthropic website.

e.g.

#### **Current Social-Media-Networking majors' advertising revenues**

- facebook advertising revenue – [\\$8.48 Billion](#) in 2013
- Google advertising revenue – [\\$50 Billion](#) in 2013
- twitter advertising revenue – [\\$00 Million](#) in 2013

Consequently, there is potential further non-profit revenues from Social-Media-Networking advertising (additional to donations that could reach USD \$10 Billion per week).

.

Because **reachers Philanthropy** has now designed and set the NextGen Social-Media-Networking trend. It combines them all, in a non-profit, self-funding, global philanthropic goodness. This innovative unique experience therefore gives far more than ANY Social-Media-Networking can. **reachers Philanthropy** lets us give to each other on mass-scale and be gifted back on an unimaginable scale.

This unique giving and gifting is a Social-Media-Networking driver that no other of the majors has or will ever have; because they will always be profit driven; to pay shareholders. Therefore, *this unbounded joy of giving, combined with the re-gifting of USD \$2 Billion TAX-FREE to a kind loving donor that could occur each week if we go viral*, provides not only the delight to help others on an unimaginable scale; but an undreamed of gift to a USD \$4 donor each week if our user rates are achieved that are now occurring with many Social-Media majors.

This will drive a new Social-Media-Networking demand incentive to push **reachers Philanthropy** to be dominant over all the Social-Media-Networking majors. Just think, the entire Social-Media-Networking industry combined does not offer this rare giving and gifting; this will take Social-Media-Networking to mass scale intensity.

**reachers Philanthropy** may be required by taxation law to initially distribute the \$2Billion tax-free philanthropic-gift directly to a trust account in the \$4 donor's own name that is controlled by a renowned global investment manager (e.g. such as Goldman Sachs etc.) for two years only; to assist the person in their education of proper financial management of such large instant wealth; and after the two years; the \$4 donor will have total personal control of all the funds gifted.

**Because we together have this power, let's now do this – together.**

**reachers Philanthropy** has the scale power potential to make the greatest redistribution of wealth in human history, by mass-scale, non-pledging, and fully voluntary low level donations.

Why? Because it engages *all of humanity* and in a philanthropic partnership of goodness together through the power of all our hands and all our hearts.

This is possible through **reachers Philanthropy**.

**reachers Philanthropy** 2023 funding priorities are now finalised and stand at:

***Committed to full financial support to Families suffering mass-deaths & injuries from Covid-Injections.***

**reachers Philanthropy** committed to women's and girls' self-empowerment
